**THE RESULT OF HIGH SPEED?** True - that could have caused the wrecks shown above. Two automobiles, barely recognizable, crashed just beyond Oakville about 11:30 p.m.Saturday night sending five persons to the hospital, none in critical condition according to our last report. Four persons were apparently thrown out of the cars and one was still in the car in the woods, but not pinned in, when rescue workers arrived.

Two ambulances and volunteers of the Appomattox County Rescue Squad were at the scene and rendered first aid before transporting all five persons to Lynchburg General Hospital for further treatment. It is a miracle that no one was killed, the cars were totally demolished and a front-end loader was used to "haul" the wrecked cars away.

**To The Voters In Southside District**

I want to express my gradtitude to the voters in the Southside District of Appomattox County for their confidence shown in me, at the polls on election day, Tuesday, November 4th.

My only regret is that I didn't get to see each and every voter before the election, to meet and talk to you. Those of you I didn't get to see, I hope, understand that lack of time was the biggest reason.

During the next four years, I promise to do the best job that I can, and will keep an open mind and have your interest at heart when acting on and conducting the business of our county. With your support and cooperation, I hope to justify this confidence you have shown me.

I also want to take this means and opportunity to thank all of you who worked and supported me during this election. I really appreciate it and am very grateful to you for this help.

I am available at anytime to discuss matters of business that might come before me as a member of your Board of Supervisors, that you might have an interest and concern in.

Again, I say, thank you.

Gratefully,

S. R. Lawson
